Re: Ending the Malicious Prosecution of Alexandra, Paige and Clayton Misener.

Dear Mr. Trudeau:

Please find enclosed a petition endorsed by more than seven hundred "Friends" calling for an end to the malicious prosecution of Alexandra, Paige and Clayton Misener.

Alex and Paige were sexually abused by the boyfriend of their biological mother when they were just little girls, at times in her presence. They reported the assaults to the police and child protective services; however, nobody would protect them.

We now know that negligent investigations and bad (ill-informed) court decisions, often made in secret, were the root cause of the family being forced to flee Canada for their own safety. Following this, it was your government that instigated a global manhunt and orchestrated malicious prosecution of the family. This led to torture at the hands of the French, your proxy.

All of this because two little girls, now young women, refused to return to a situation where they were being sexually abused. This case has parallels to Maher Arar in so many ways and the public has a right to know about it.

Ending the Malicious Prosecution of Alexandra, Paige and Clayton Misener.

Page 2 of 2

The girls and their loving father have been put in a terrible situation, and your government is the only authority that can put an end to it. The signatories have made specific demands of you in this petition, and we agree that a public inquiry is necessary.

Enclosed with this letter, you will find the petition, the signatories and the three most recent news releases from Friends of Alex and Paige, the sponsor of this petition. The petition will remain online gathering more support and we will continue our public awareness campaign.

Should you require any additional information, establish contact through counsel Maitre Matthew Reardon at contact@galantry.net or +508 55 20 48.

The people have spoken clearly, and it is time for you to act.

Sincerely,
Friends of Alex and Paige

P E T I T I O N

CANADIAN GOV. MALICIOUS PROSECUTION AND TORTURE OF SEXUALLY ABUSED CHILDREN MUST STOP NOW

TO:

Justin Trudeau, Prime Minister of Canada
Michael Kerzner, Solicitor General of Ontario
David Lametti, Minister of Justice and Attorney General of Canada
Marco Mendicino, Minister of Public Safety
Mélanie Joly, Minister of Foreign Affairs

WHEREAS Alexandra and Paige Misener, were sexually abused by Jason Whittington, their biological mother's boyfriend, at times in the presence of their biological mother, Kelly Campbell, when they were just little girls;

AND WHEREAS negligence and poor professional conduct on the part of police and child protection authorities, exacerbated by horrible and irresponsible court decisions, forced the family to flee Canada for their own safety;

AND WHEREAS the Governments of Canada and Ontario, through their departments and agencies, without any independent investigation or verification, used their sweeping power and global influence, to enact measures that:

- (a) unduly influenced the courts, denying the family disclosure and right to counsel;
- (b) suborned torture and malicious prosecution in a foreign country;
- (c) communicated false and misleading information to foreign governments so as to deliberately worsen the situation of the family;
- (d) used formal diplomatic channels to strike deals, surpassing law in advance of judicial hearings being held to determine the same matters;
- (e) initiated a punitive cross-Canada and international manhunt for the family, and
- (f) recruited and coordinated other departments and agents of government to do the same, under false pretences;

AND WHEREAS you gave no comfort and offered no protection whatsoever to these two young girls who had suffered sexual abuse on multiple occasions;

AND GIVING CONSIDERATION TO the scanned documents and other media published by the family, some of which originates from your offices and organizations, all of which are damning

convictions of your role in this debacle;

WE ARE OF THE VIEW THAT you should be deeply concerned for the well being of the family especially given the deplorable tactics you are using to secure their return to Canada, against their will and contrary to their best interests; and we are alarmed you would dare use the force of police against two teenage girls who the police have already let down in many ways; and you have failed to properly supervise your employees, maintaining the checks and balances that would reasonably be expected when wielding such power.

AND WE ARE ALSO OF THE VIEW THAT you have systematically violated the most basic rights afforded by both Canadian and European law, as well as international convention; this family has been stripped of their dignity, and will never see their abusers prosecuted; they will never hear the word 'Guilty' and, as a result, you have devalued them as young women, trampling on their spirit and sense of worth in the world; you have misled the people of Canada, France and other countries as well.

WE THEREFORE DEMAND:

That Alexandra, Paige and Clayton Misener be set free at once. That all charges, wants, notices and warrants against them be permanently withdrawn, and that any other matters be quickly resolved in their favour. That you properly communicate this to France, the Canadian public; and that you apologize.

That the family be fairly and properly compensated.

That a public inquiry be called for the purposes of examining the causes of this terrible chain of events, and that those who have been negligent or who have abused their power be held publicly accountable.

GLOBAL COMMUNITY IRATE AT VINDICTIVE CANADIAN GOVERNMENT

PETITIONS DEMAND ONTARIO POLICE DETECTIVES AND CHILD PROTECTION AUTHORITIES BE SACKED

The global community continues to become more and more irate with the police, child protection system, courts and governments of Canada for their continued roles in the manhunt and malicious prosecution of Alex, Paige and Clayton Misener.

Calling for Change

Friends of Alex and Paige, in partnership with Change.Org, have launched two online petitions as part of our ongoing public awareness campaign.

Over five hundred signatures have been collected demanding that two police detectives and two social workers from Ontario be sacked due to their negligence and malicious prosecution in this horrifying case. Detective Sergeant Dennis Osti of the Niagara Regional Police Service, Detective Constable Ashley Horton of the Ontario Provincial Police, and Vanessa Pollock and Sarah Milmine of Family and Children's Services Niagara have lost the confidence and trust of the public, and people are calling for their resignation. This petition will be delivered to their respective leadership soon; however, it will remain online and continue to gather more signatures, updates sent periodically as a reminder.

This petition can be found at: <https://www.change.org/p/hold-police-other-authorities-accountable-for-negligence-in-this-child-sex-abuse-case?redirect=false>.

Well over seven hundred signatures have been collected in a second petition demanding the Governments of Canada and Ontario cease their vindictive and malicious treatment of Alex, Paige and Clayton Misener, and that a public inquiry be called. The punitive actions of these governments has led to unbearable and intolerable circumstances for the family, including torture at the hands of a foreign government. This petition will be delivered to Justin Trudeau, the Prime Minister of Canada, and other government officials. It too will remain online for others to sign in solidarity.

This petition can be found at: <https://www.change.org/p/canadian-gov-malicious-prosecution-and-torture-of-sexually-abused-children-must-stop-now?redirect=false>.

Awareness into Action

Support for the girls has really started to spring up in pockets around the world. In Germany, a group of Friends have initiated a boycott of Canadian as well as French products in their community, and we are expecting other similar initiatives. In the United States, Friends have

cancelled business trips and vacations to Canada and France over concerns for the safety of their children. We are working to resolve technical challenges so we can take interviews on US media. Friends in Australia are also working hard to bolster awareness. We have now had contact with over forty thousand people worldwide through various social media channels and e-mail.

While we are making really good progress, we urgently need Friends to continue signing petitions, sharing with others and making generous financial contributions through our GoFundMe campaign: <https://www.gofundme.com/f/keeping-alex-and-paige-safe?qid=4797fbc7f94277acd22902d2bc512bb6>.

Litigation & Secret Tribunals

December is fast approaching and the family is eagerly anticipating their first day in court, advancing their lawsuit against the Canadian entities responsible for their exile, global manhunt, malicious prosecution and torture. We can confirm that negotiations are being attempted with two of the named parties; however, no agreements have been reached at this time. The list of adverse parties remains the same.

Alarming, absent from the conversation are the Attorneys General for Canada and Ontario, arguably the most culpable of the lot.

The Canadian courts continue to hold secret hearings without notice or disclosure to the family, precluding their participation. Several judges are aware of this practice, yet they continue to systematically violate the family's charter rights and refuse to allow them legal counsel. In the coming months, Friends will be exposing this for the world to see.

Important Information

The Facebook group Friends of Alex and Paige continues to enjoy a solid and dedicated membership, including former teachers, social service workers, experienced industry professionals and long-time members of the community. Prime Minister Justin Trudeau and Justice Minister David Lametti have both been invited into the group, but neither has accepted that invitation to date.

We have changed our online banners to a sketch made by Alex expressing her experience at the hands of Jason Whittington and Kelly Campbell. Pictures like this were presented by the Chief Expert Child Psychologist of the French Supreme Court to evidence why the girls should have no contact whatsoever with their abusers, that they are safe with their father, Clayton, and should remain so.

Paige has been working on a haunting streamed video with Friends that will be published on various social media channels, expressing her views on her experience. The video is in the production stage at this time and promises to be shocking. We hope that the responsible

parties will watch it and take a much different approach toward the family.

The European Union Commission on Human Rights as well as the United Nations High Commission on Refugees are being continually updated on this case, and we have attracted the attention of several senior government leaders in different E.U. countries, all watching with great concern. The family has reached out to several European countries in hopes that one of them may be willing to assume their asylum case against Canada, given the totality their treatment and malicious prosecution.

Investigations

Our investigation into the role news media has played in this debacle continues. Eight legacy news organizations have been identified to date as having printed and/or broadcast untrue statements about the family. The investigation continues.

Our investigation into corruption in the French justice system has, to date, led to the identification of nine individuals who have either broken French law, international law, and/or their own government policy. We now have in our hot little hands copies of diplomatic cables (secret messages) between Canada and France and intend to publish when the time is right.

Both of these investigations may lead to civil and/or criminal prosecutions under a separate cover. Information that might aid in these investigations can be sent in absolute confidence to our secure e-mail: support@runningaway.ca (please send messages separate from security keys if you are using advanced encryption).

Please Help the Girls

Regardless of all the good that seems to be happening, the family is still in danger of being forcibly sent back to Canada, separated by police, imprisoned and, eventually, tried for their crime of seeking safety from abuse. We can not let this happen. The only people who can correct this situation are the Attorneys General of Canada and Ontario, and we wait for them to come to the table.

It is imperative that Friends continue to sign petitions, share with everyone they know, promote on social media, join our Facebook Friends of Alex and Paige group, push their political leadership and give generously to our fundraising initiatives. Please help.

Additional information to follow at a later date.

NEWS RELEASE

EXPLOSIVE CHILD SEX ABUSE TRIAL TO COMMENCE IN DECEMBER NIAGARA REGIONAL POLICE, OPP, FACS NIAGARA ON LIST OF LITIGANTS

Several Canadian police forces, childrens aid organizations and government authorities have been implicated in an explosive and nightmarish sex abuse scandal involving two Ontario teens, according to a major civil lawsuit brought on behalf of Alexandra, Paige and Clayton Misener.

All parties have now been served and will soon have to account to the courts. The matter will be heard at the First Circuit Court at Saint Pierre on December 12, 2022.

Evidence has been presented that shows the two young girls were in an abusive and dangerous situation, begged for protection from authorities but were overlooked, neglected and then hunted down like terrorists when they took measures to protect themselves. The abuse took place at the home of their "biological mother."

Kelly Nina Campbell, their biological mother, and Jason Kenneth Whittington, Campbell's boyfriend at the time (who has a lengthy and violent criminal history, major psychological concerns and judicial orders to keep away from children) are both implicated; however, neither have been properly investigated nor charged by police. Their father, Clayton Misener, is credited with effectively rescuing them, protecting them and helping them to escape Canadian authorities intent on forcing their return.

Canadian and French authorities have significantly stepped up their attempts to silence the family through bullying and harassment, often at the hands of French military police.

The list of adverse parties includes:

- The Attorney General of Ontario and Doug Downey, et al.
- The Minister of Justice and Attorney General (Canada) and David Lametti, et al.
- Royal Canadian Mounted Police and Brenda Lucki, et al.
- Niagara Regional Police Force and Bryan MacCulloch, et al.
- Royal Newfoundland Constabulary and Patrick R. Roche, et al.
- Ontario Provincial Police and Thomas Carrique, et al.
- Family and Children Services Niagara (FACS) and Anna Bozza, et al.
- The Children's Aid Society of Haldimand and Norfolk and Shannon Chevrier, et al.
- Family Counselling Centre (Family and Children Services Niagara)

- Childrens' Lawyer for Ontario and Nicholas Hedley, et al.
- Pathstone Mental Health and Shaun Baylis, et al.
- Bellaire Medicine Professional Corporation and Dr. Joan Patricia Bellaire.

They are accused of suborning torture, the torture of children and other heinous acts by way of the parties' wanton and willful abuse of power, deliberate misleading of judicial authorities, ignoring reports of sexual abuse made by children and wrongfully corroborating political interference and malicious prosecution.

The parties' deliberate actions, and failures to act where reasonably required to do so, have resulted in severe consequences for the victims, including without limitation abandonment, severe emotional distress, forced relocation, victimization, re-victimization, isolation, public demonization and vilification, and other short- and long-term consequences.

While the courts have the ultimate decision making authority in respect to the share of liability, the claim poses a serious financial risk for all involved. This case may well influence court decisions for years to come. Furthermore, the public release of documents in support of the claim, including classified diplomatic cables, will likely expose serious wrongdoing and embarrass public officials. While the exact monetary value of the claim is being kept confidential at this time, it can be reasonably expected to reach into the tens of millions.

Investigations into the role played by news media, social media, corrupt French officials and other litigants continues, to be addressed under separate cover.

Additional information to follow at a later date.

FORMER ONTARIO TEENS SUE FOR HANDLING OF SEX ABUSE CASE CANADIAN AUTHORITIES IMPLICATED IN FOREIGN TORTURE SCANDAL

The Friends of Alex and Paige, with Maître Matthew Reardon of Saint Pierre et Miquelon, the family's chief legal counsel, announce the commencement of litigation against

the Ontario Provincial Police (OPP), the Niagara Regional Police Service (NRPS), Family and Childrens Services Niagara (FACS), the Childrens Aid Society of Haldimand Norfolk (CASHN), the Attorneys General of Ontario and Canada, the Royal Canadian Mounted Police (RCMP), the Office of the Childrens Lawyer for Ontario (OCL) and others (the "parties").

The claim seeks compensation for (from French legal elements) moral damages, direct financial damages, damages from loss of activities and income, and other damages, costs and other stipulations, caused by the parties' acts of negligence, failure to perform duty of care, violations of basic and understood human rights and dignities, clear violations of the Charter of Fundamental Rights of the European Union, clear violations of the Canadian Charter of Rights and Freedoms and other causes.

The claim evidences the subornation of torture, the torture of children and other heinous acts by way of the parties' wanton and willful abuse of power, deliberate misleading of judicial authorities, ignoring reports of sexual abuse made by children and wrongfully corroborating political interference and malicious prosecution.

The parties' deliberate actions, and failures to act where reasonably required to do so, have resulted in severe consequences for the victims, including without limitation abandonment, severe emotional distress, forced relocation, victimization, re-victimization, isolation, public demonization and vilification, and other short- and long-term consequences.

The lawsuit has been filed on behalf of Alexandra, Paige and Clayton Misener of Saint Pierre et Miquelon, France, formerly of St. Catharines, Ontario, Canada. It will be heard in December at the First Circuit Court of France at Saint Pierre, under the Code of French Civil Procedure. Under French civil law, any of the parties may be held liable for the full amount of the claim regardless of their degree of culpability, even if other parties are disengaged, discharged, settled or dismissed.

The family, through their legal team, is now investigating the role others may have played including news media and social media organizations, French government officials and others. Prime Minister Justin Trudeau, Justice Minister David Lametti and other senior government officials have already been made aware of this crisis.

Additional information to follow at a later date, post service.
