CHILD ABUSE/NEGLECT

██████████ is very worried about ██████████ and ██████████ visiting with ██████████ as he is unsure what he is capable of. Police advised ██████████ to speak with his lawyer in relation to the wording of the custody agreement and if an issue was present to rectify it immediately. Police advised if any safety concerns for his children existed, he would need to contact his lawyers and police immediately. Police advised against breaching the child custody agreement but the safety of the children is the ultimate decision.

Furthermore, ██████████ stated that the mother of ██████████ and ██████████, ██████████ ██████████(approx. 35) would be contacting the OPP in the immediate future in relation to the message as well.

Police obtained copies of the image received, a description of the family members involved from ██████████ and a copy of the custody agreement. Police have copied these items into the call for future reference.

In conclusion, ██████████ stated that he believed this may be the first step toward negative incidents from ██████████ in the future. ██████████ wanted to make police aware of the information. Police advised ██████████ to report anything suspicious in the future and he agreed to. ██████████ stated that he also blocked ██████████ phone number on the phone of ██████████ and will be doing the same on ██████████ phone.

Please forward to child abuse for a possible follow-up.

This concludes this report and it is simply for informational purposes.
